BODIES IDENTIFIED OF MEN BURNED TO DEATH

**Friends Claim Remains
of Fire Victims at
California**

HEAD OF MC'CLOY GONE

**Ghastly Spectacle Greets Rel-
atives and Friends of
Three Young Men**

Identification was made of the three victims of the Daisytown fire this morning at California and the bodies were shipped to the various homes. Friends and relatives of the men made the identification by well known peculiarities. John Lowther was recognized by a gold tooth and James McIntyre by a peculiarity of his teeth. William McCloy, whose head was burned from his body had to be identified largely by guess, but his parents were satisfied and took the body to their home in Brownsville.

As soon as the fire died out from the old store building at Red Hill, in Daisytown, the bodies of the three men were taken out by their friends and taken to California to Ghrist's Undertaking rooms.

There the ghastly remains were viewed by a number. The people of John Lowther came from their home in Smock and after viewing the three bodies settled on the right one by a gold tooth which they recognized.

The parents of McCloy were not so sure in their identification, having only a charred body without any semblance of head to claim as that of their late son. McIntyre's people did not come, but friends identified it and shipped it to the home in Shinston, W. Va. The legs and arms of the three victims were burned off and the rest of their bodies are charred and blackened. As they lay side by side in the morgue they presented an awful sight.

It is now stated that the fire started in the rear of the building it is supposed from an overheated coal stove. The Monongahela River Consolidated Coal and Coke company, which owned the structure had considerable mine material stored there so that their loss will reach into several thousands of dollars.

ANNOUNCE ENGAGEMENT OF MISS RUTH GALEY

Miss Emma M. Tippins has returned from Sewickley, where she was the guest of Miss Ruth Sphar Galey. Miss Galey was a hostess at a luncheon one day this week of twenty-four covers in honor of Miss Bessie Reed Adams, whose engagement to Charles Dane Kelly was recently announced. During the afternoon the engagement of the hostess to Charles Emlen Wistar, of Cleveland, Ohio, was announced. Miss Galey is the niece of Mr. and Mrs. Thomas P. Grant, of Charleroi and leaves with them Monday night for Orlando, Fla., for a three months trip.

Will Preach Last Sermon

**Rev. C. E. Frontz Arranges
to Leave Pastorate He
Held for Five Years**

Rev. Chalmers E. Frontz will preach his farewell sermon as pastor of Christ Lutheran church Sunday evening and next week will leave for Tiffin, Ohio, where he will assume charge of the First English Lutheran church to which he recently accepted a call. Rev. Frontz has been here for five years.

When the congregation accepted his resignation recently it made a request of Rev. Frontz that he conduct the quarterly communion service before he leaves, although his last Sunday will not be the regular communion date. Consequently there will be communion service both morning and evening. His sermon topic in the evening will be "Parting Message."

AIR GUN DEADLY WEAPON

**Correspondent Com-
plains That It Is Used
Too Much**

BOYS VERY RECKLESS

To the Editor of the Charleroi Mail: Sir—The article in Friday's Mail, relative to the deadly air gun is certainly deserving of consideration. The air gun is a deadly weapon, and it is unlawful for boys to carry them. I believe, too, that the parent who buys an air gun for his boy is, to say the least, extremely thoughtless. If a boy were seen firing a revolver on the streets of Charleroi what an excitement it would raise and how quickly that boy would be in the clutches of the law. Yet it is not unusual to see boys shooting at pedestrians with the air gun, and little notice is given it. The only difference between the two is the propelling force of one is compressed air, while the other is gun powder.

There is only one thing worse than the boy with the air gun that is not receiving the attention it should, and that is the man who buys the gun for the boy. Charleroi is not the only town that is discussing this matter, and it is hoped that soon the air gun will not be classed as an innocent plaything. Citizen.

Prof. Oatman has discontinued his dancing school in the Bank of Charleroi Hall. At the completion of the Might auditorium on Fifth street, which will be in about three weeks he will open a school there. Watch Mail for further announcement 127-t12

NUMBER OF MILLS ARE STARTING UP

**Advance Wave of Prosperity Indicated by Plants
at Various Places Resuming in Full
Capacity**

Four furnaces of the Edgar Thompson steel plant were started this week at Braddock, after having been suspended for a number of months. During the suspension extensive repairs were made and new up-to-date fixtures installed. New electric cranes were put in. At the Edgar Thompson a new experiment referred to in the Mail recently is being tried to produce a subproduct of steel from what was formerly considered waste. Official announcement was made at New Castle that the Greer tin plant will resume operations in full at all of its 20 mills next Monday. The entire 50 hot mills in the Greer and Shenango tin plants will then be in operation. Indications are for a steady run through the year, effecting 5,000 tin workers there.

Announcement was made Friday that the Griffiths charcoal iron and tin mills at Washington will resume full operation with the first of the year, giving about 200 men employment. The Jessop Steel Company will greatly increase its force on January 1. It has been operating with about 100 men.

LECTURE DATE SET THE CLUBS

**Rabbi J. Leonard Levy Movement to Establish
of Pittsburg to Lec- Uniformity Occa-
ture Here sions Action**

COMING ON JANUARY 18 HOTEL MEN INTERESTED

A rare intellectual treat is in store for the people of Charleroi, Thursday evening, January 18, when Rabbi J. Leonard Levy of Pittsburg will deliver a lecture in School Hall on the subject, "Yesterday, Today and Tomorrow." The lecture will be given under the auspices of the Ladies' Guild of St. Mary's Episcopal church, and it is through the personal friendship of Rabbi Levy with the rector, Rev. Lucius W. Shey, that so distinguished a lecturer is secured. Rabbi Levy is one of the foremost lecturers of the day, and his services for the platform are in such demand that it is difficult to secure a date, and Charleroi people are fortunate in having an opportunity to hear so talented a speaker.

While in Charleroi Rev. Rabbi Levy will be lunched by the Community Club at the Elks' Home, in company with several of his personal friends who expect to accompany him. Reservations for seats for the lecture are already being made.

No Mail Monday

Following the usual custom The Mail will print no paper on Monday, January 1, New Years' day.

WASHINGTON HERE NEW YEAR'S NIGHT

**Charleroi Plays at Home on
Monday and Hopes to
Maintain Third Place**

As the New Years' attraction on the local floor the Washington team of basketballers will appear, and as they put up a strong game the last time they played Charleroi a good game is expected. Washington nearly won a game from Charleroi the other day and made Adams and his men travel the limit to get it away from them. Being a holiday the indications are that there will be a fair attendance to witness the game.

Notice.

The annual meeting of the stockholders of the Turn Verein Realty Co., will be held at Charleroi Turner Hall Wednesday, Jan 10, 1912, at 8 p. m. for the purpose of electing a board of directors to serve for the ensuing year.

NEW YEARS' HOLIDAY TO BE PROPERLY OBSERVED

**Frick's Pay
Their Bonus**

**Opportunity Given Men to
Invest in Steel Corpora-
tion Stock**

The superintendents and heads of departments of the H. C. Frick Coke company will get their annual bonuses within the next few days. The Frick employees will be given the usual opportunity to subscribe to stock of the United States Steel Corporation. The basis this year will be below that of last when the common stock was subscribed at \$70 and the preferred at \$114. The total amount of bonuses distributed will amount to \$1,450,000 of which the Frick company employees will get \$250,000.

It is not expected that the bonuses will run as high as last year, the superintendents getting from \$200 to \$1,000. Plants like the Standard Leasing No. 1, Lemont, Trotter, Leith, Redstone, Leckrone, Edenborn and several others are expected to show up well. Reports give these plants as receiving top figures in the distribution.

CHARLEROI WINS FROM UNIONTOWN

**First Victory of Season
Claimed From Ex-
League Leaders**

NOW IN THIRD POSITION

Cheered on to almost superhuman deeds by a wildly enthusiastic crowd Charleroi outplayed Uniontown Friday night and took their first game from the leaders by the score of 38 to 31. Meanwhile Johnstown beat Connellsville, acquiring the lead and paving the way to let Charleroi in third place. The fastest game that has been played on the local floor this season, Charleroi had a tough job winning. Especially in the second half did Uniontown get into the struggle for all they were worth but the careful guarding and all around game of the locals had them plainly beaten.

Uniontown scored first after about two minutes of play, when Sears tossed a field goal and then followed up by a foul. Adams scored a foul. Then things began to come rapidly. Adams threw a field goal and was followed by Jimsey Brown in his feature toss. Boggio captured one from the middle of the floor. Then Adams pulled off his feature toss. Allie Brown got under the basket and made acouple of his sure shots, O'Donnell landed one for Uniontown and Big Bill Herron heaved the ball in the basket in a long throw.

When the second half opened Uniontown went after the game. In the

**Most of Stores and Busi-
ness Places to be
Closed Monday**

WILL USHER IN THE DAY

**Watch Meetings to be Held--
Postoffice to Observe
Holiday Hours**

Generally New Years' Day will be observed by business houses and the people as a holiday. In Charleroi most of the stores will be closed all or the greater part of the day and the first day of the New Year will be one of rest. Little out of the ordinary routine in the way of entertainment will be provided, but the theatres will have appropriate programs on Monday night and the basketball game at the rink will prove an attraction. Sunday night there will be a number of watch meetings and the new year will be greeted with noisy acclaim.

Uncle Sam regards New Years' day as a legal holiday and accordingly there will not be much work done at the postoffice. Regular holiday hours will be observed the same as on Christmas. The postoffice will open at the usual hour on Monday morning to keep open until 9 o'clock. At that hour the doors will be closed to reopen a gain at 6 o'clock for the accommodation of patrons who wish to secure their evening mail. One delivery will be made during the day by the carriers.

ANCHOR CLASS IS ENTERTAINED

Twenty of the women of the Anchor class of the First Christian church were entertained by their teacher, Miss L. Dainty, at her home on Second street Thursday evening. Each one brought a jar of fruit which was turned over to the poor committee as a donation from the class. A very pleasant evening was spent with various diversions. Mrs. Nettie Welsh favored with a reading. Refreshments were served after which Mrs. Mitchell in a neat little speech presented Mrs. Dainty with a beautiful teacher's Bible.

CONVENTIONS.

The Pittsburg Chamber of Com-
merce has a convention committee.
It is the duty of this committee to try
to induce conventions to come to the
city, in order that large bodies of
men and women may become familiar
with the business and manufactur-
ing facilities, as well as spend their
money there. The amount of busi-
ness from this source alone if a lie,
then to many cities and towns, which
makes a special feature of looking
after and entertaining conventions of
all sorts. Just now the Pittsburg
Chamber of Commerce committee is
trying to land the convention of the
American Bottlers' Protective Asso-
ciation, which is composed of 2,000
delegates and which it is estimated
will disburse while in convention the
sum of \$250,000, to say nothing of
future business that is more than
likely to result from the visit of the
delegate. The Pittsburg commit-
tee also made an unsuccessful attempt
to land the Republican National con-
vention, which is worth a big sum of
money to the city in which it is held.

In a small way Charleroi can emu-
late Pittsburg, and work for conven-
tions. The desirability of holding the
county teachers institute here has
already been mentioned and discussed.
There are other numerous church, Sun-
day school and fraternal conventions
which can usually be had for the ask-
ing, some of which have already been
held in Charleroi, and which were
most hospitably received. The con-
ventions which have come here
through the personal efforts of local
delegates and others have already
left with a good impression of the
town, and the delegates were always
enthusiastic in their praises of the
reception and entertainment accorded
them.

There are ample facilities in Charle-

roi for holding conventions, which
with a little effort might be increased.
This is an opportunity to get some
outside benefits without the expendi-
ture of any undue amount of capital,
and if it is systematically and per-
sistently worked is bound to bring
results.

THE DEMOCRATIC SPIRIT.

With the announcement of the for-
mation of a Chinese Republic comes
a realization of the growth of the
democratic spirit that is agitating
the people everywhere in civilized
countries. If the present revolution in
China results in the founding of a
permanent government by the peo-
ple of this ancient empire, the great-
est democratic revolution in all his-
tory will have been achieved.

This is but one of the manifesta-
tions of the signs of the times. The
unrest and discontent that is rife in
this country is but the revolt of the
masses for a greater degree of popu-
lar rule—the direct rule of the peo-
ple. It may be somewhat of a sur-
prise to many American citizens to
know that the United States consti-
tution not only prohibits direct popu-
lar rule, but presents checks and
hindrances from attaining this that
are well nigh insurmountable. It is
almost impossible to amend the con-
stitution and as a final check the
United States Supreme court has ab-
solute jurisdiction over any laws that
Congress may pass in an attempt to
give the people direct rule. As such
laws are in conflict with the consti-
tution, which was designed to prohib-
it direct popular rule, the spirit of
democracy has a check in this coun-
try which will require a hard strug-
gle to overcome.

This is what has given rise to the
agitation for the initiative, referen-
dum and recall, which is destined to
continue, until the people are the
supreme rulers of the government.
The movement for democracy is world
wide, and the manifestation in China
is representative of the spirit of the
age.

ELECTRIC SPARKS

The time for appointments is at
hand.

It's particularly noticeable that all
the bad fires come on the coldest
nights.

It's a lot easier to get a good dy-
namite story started after the Mc-
Namaras confessed that it was be-
fore.

Cold weather wouldn't be so bad if
all the uncomfortable duties weren't
somehow pushed upon us at the most
frigid periods.

Fluctuating prices means that when
you sell the price is down, and when
you buy the price is up.

A man of the world is a man who

informs the Youngstown Vindicator.
But that's in Ohio. Conditions are
different in Pennsylvania and New
York.

The Washington Observer reports
that butterflies were seen about the
county jail this week. That's noth-
ing. Humming birds in spangles,
pink elephants, and June bugs with
wings of gold in December are often
reported as being in evidence at our
borough lock-up.

If that Monessen man who toted a
suit case full of dynamite around the
streets while carrying inside his car-
cass a good sized package of internal
dynamite, stays in jail until Febru-

jury, he will have time to gravely
consider matters anyhow, even though
he doesn't get any sentence.

PICKED UP IN PASSING

According to the Canonsburg Notes
James Walsh of Chartiers came to
that town the other day and bought
a mouse trap which was guaranteed
to do the work. When he came back
a day or two afterwards he was ask-
ed how he was getting along, when
he answered:

"First-rate. "Why," said he, "the
first evening I caught 19 mice be-
fore bedtime, and I could have
caught more only that my boy, who
was keeping tally got behind and I
had to stop to let him catch up with
the count; and once I had stopped I
concluded not to start up again until
morning."

"I was in West Virginia last week
on a business trip," said a valley re-
sident, "and I find the people there
stirred up over the high cost of liv-
ing, just as they are in this State.
Naturally all who are interested in
the subject turn their thoughts to
stock raising and farming and de-
plore industrial and political con-
ditions that are taking the young men
away from the farms."

"Only think," said a West Vir-
ginian with whom I was discussing
the subject, "the value of the hogs
raised in this State last year is only
\$2,000,000, while over in Ohio they
raised hogs valued at \$19,000,000.
We've too many politicians here and
not enough farmers. What we need
to do is to raise more hogs and less
h—l."

Among the Theatres

THE PALACE—CHARLEROI.

With Christmas the banner business day in the history of the house, the Palace Theatre is nearing the close of a very prosperous year, the result of giving the public the best and cleanest shows that can be procured, with careful attention to the comfort and convenience of the patrons. The Christmas crowds broke all previous records, and the matinee and night shows produced "standing room" only for late comers. Some of the strong photoplays of the week were "A Mother's Remorse," "Two Little Children," "Three Bears," "A Cure for Crime," besides many others. The Weekly Pathe Bulletin showed the recent big fire in Jersey City and the great fight the firemen waged against it. Another interesting feature of the Bulletin was caring for the wounded soldiers in the war between Tripoli and Turkey. Two splendid military parades of English and German soldiery were shown, as well as the recent Hungarian Feste in Cincinnati. The art of deflating a mammoth dirigible military balloon used in the German army was also an interesting feature. Miss Helen Atwill included in her repertoire of vocal selections two rollicking songs—"The Mississippi Dip," and "Knock on Wood," the latter illustrated, which pleased the crowds immensely.

THE STAR—CHARLEROI.

Christmas Day was a big one at the Star, which was practically open all day, with a change of program at night. The most of the shows taxed the capacity of the house, and Manager Cowan and his corp of assistants had a most strenuous day. Some of the features of the week were "The War in Tripoli," "The Old Leader," "An Indian Legend," "The Test," "The Rivals," and "The Blunt Sword." An educational feature was life motion pictures of manoeuvres by "National Guardsmen and Regulars at Fort Riley, Kansas." This was a most thrilling and interesting feature and showed most conclusively that the days of daring horsemanship and military pomp were not confined to the Age of Chivalry, or the romantic times of the "Louies" of France. The patrons of the Star were well taken care of during the holiday season, and greatly appreciated the pleasing programs for further enjoying Christmas.

THE ALVIN—PITTSBURG.

The New Year's week attraction at the Alvin, Pittsburg, opening with a New Year matinee, will be America's leading comedienne, Marie Cahill. She will be presented in a new European musical comedy, "The Opera Ball," by her manager Daniel V. Arthur. Before "The Merry Widow" launched the present Viennese vogue and caused a noticeable demand on the part of the public for more plot and more plot music, Miss Cahill was leading the way to the same and with her comedies, "Molly Moonshine," "Marrying Mary," "The Boys and Betty" and "Judy Forget."

It is said that she has now a comedy which surpasses any ever seen in the legitimacy of the story. It is from the German of Victor Leon and H. Von Waldberg with the original

THIS IS IMPORTANT

W. F. Hennings' Desires to announce That he is the Agent for Thompson's Barosma, the Money-Back Kidney and Liver Cure.

There are hundreds of people, young and old, right here in Charleroi who are taking medicines for various ailments, who do not even suspect that the kidneys are to blame.

These sufferers do not know that in all probability their kidneys are all clogged up, are inflamed or congested and are unable to properly filter the impurities from the blood.

It is the kidneys that keep the blood pure and if the kidneys are not in good condition, disease of other organs of the body will surely develop.

Thompson's Barosma will cure any disease of the kidneys or W. F. Hennings will give you your money back.

If you are in ill health now, and are not absolutely certain of the cause get a 50-cent bottle of Thompson's Barosma at W. F. Hennings' today. It will tone up your kidneys, liver and bladder in a week.

It is the best investment you can make. It is worthy of a trial on our guaranteed plan. Ask for Thompson's Barosma. The dollar bottle contains more than twice as much as the fifty-cent size.

music of Richard Heuberger. The adaptation has been made by Sydney Rosenfeld.

As usual, Mr. Arthur has surrounded Miss Cahill with a cast of players whose names are well known to the American stage: Harry Conner, Edward M. Faver, George Lydecker, Roland Hogue, Harry Fairleigh, Evelyn Carter Carrington, Alice Gentle, Ann Tasker, Mildred Elaine and Howard Pascal. There is also a chorus which can really sing and dance.

THE GRAND—PITTSBURG

Vaudeville from all parts of the world is the Grand's New Year's offering. In the array of talent which Manager Harry Davis has booked for the week beginning Monday afternoon, January 1, there are attractions from Europe, America and Australia. The multitude of theatre goers who revere the memory of Charles Dickens will be especially interested in the performances of Mr. Tom Terriss, supported by a company of twelve London artists in the representation of "Scrooge," an adaptation in one act of Dickens' famous novel, "A Christmas Carol." Among his leading players are Fred Epitoux, who is to play the part of Bob Cratchit and was a member of the late Sir Henry Irving's company; Miss Marjorie Davenport in the role of Mrs. Cratchit who was associated with Sir H. Beerbohm Tree and G. Clifford Boyne and Erskholme E. Clive, two of the best known of England's veteran stock actors. Mr. Terriss himself will personate the title role.

The Ten Vassar Girls whose delightful musicians have always been immensely popular in Pittsburg, return for their first engagement at the Grand in several seasons. They give a program of high class and popular music played upon a variety of instruments and interpolating a spectacular electric dance.

Stuart Baries, who is perhaps the most polished and entertaining of monologists will talk upon a variety of subjects, his favorite theme of matrimony as only this genteel entertainer may.

An act of unusual quality and style will be given by Rose Royal and her horse, "Chesterfield," an Arabian equine, pure white and Miss Royal has trained him to pose in reproduction of classic studies.

Edward Flanagan and Neal Edwards will give their own conception of stage life entitled "On and Off."

Lee White and George Perry, will sing among other ditties such attractive songs as "Slip on Your Glad Rags and Come With Me," "You've Got the Wrong Number, but You've Got the Right Girl," "The Hooley Booley Glide," "In the Garden of My Heart," etc.

Emma Francis, the well-known and popular singing comedienne will introduce her troupe of versatile Arabs in songs, dances and tumbling.

Josephine Davis will sing mirthful character songs. Gordon Brothers in addition to a bag punching exhibition, will present their boxing kangaroo.

The moving picture portion of the program will include a review of world events and complete a New Year's program which would seem to be above criticism.

CURE FOR RED NOSE

Patient—What shall I take to remove the redness of my nose?
Doctor—Take nothing, particularly between meals!

Lightning Kills Few.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from virulent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver and kidney remedy and blood purifier on earth. Only 50c at W. F. Hennings.

PARENTAL AUTHORITY.

(Communicated)

Never pet children when reprimanded by parental authority. If young parents could realize that father and mother must be a unit in family government, divorces would be less frequent and children would have a better chance. The mother is sure the father is harsh, while the father feels sure mother is entirely too crazy and both are probably right. The difference of opinion should be talked over privately and even if you cannot agree, you must appear to do so before the children, if the home is to be serene and the children to have a fair chance in the world.

A mother or father teaching a child in any way to deceive the other is committing a criminal act, yet this is done by mothers time and again. Each parent should remember that only one half of the child can be claimed by either, and the government must be a mixture of justice and mercy if successful. The well-fare of the nation and the uniform thousands depend upon the homes of today and good literature should be found in the home. Life is very serious to those who see it as it is, and there are times in our prosperity when we forget the advice of a godly home.

We feel we are sufficient in ourselves and can supply our own wants, but trouble comes—we bemoan our weakness and how feeble when left to ourselves. How ignorant of pitfalls and snares, how easily we walk into Satan's net, as the bird walks into the fowler's net. Brave and noble children taught courage and self-denial by parents and to live a pure life carry power to move the masses to a better life. From the home comes all good impulses of life. The day comes too soon when the household is scattered—gone to make homes for themselves. Happy are we if no hasty words or unkind deeds haunt us. From the home comes all the good impulses of humanity conflicting.

Parental authority has ruined many a home and when it is too late we realize our mistake. The fact is we forget God in our prosperity and that every good thing we have or enjoy comes from God. What wanderer has not longed or signed for home where patient fathers, faithful and brave, have planned and managed to improve, build up for the comfort of the family, while the mother works by his side as the children grow under the tender care. May our nation continue to honor and protect our homes.

THE GENTLE CYNIC

Always do your best, but never your best friend.

The one particular brand of love that isn't blind is self-love.

The penalty of a stolen kiss is frequently a life sentence at hard labor.

All locksmiths are not bachelors, in spite of the fact that love laughs at them.

Ever notice that the wolf generally comes to the door disguised as a bill collector?

A man seldom knows who his friends are, but his enemies are more considerate.

It requires almost as much force of character to be a book agent as to turn one down.

Many a girl would promise to marry a man if she thought he wouldn't be so silly as to expect her to live up to her promise.

No woman is competent to advise a young girl in her love affairs unless the aforesaid woman has been married at least four times.

WAYSIDE WISDOM.

Few men know enough not to give advice.

Energy has made more men famous than merit.

There is no hunger as keen as the hunger for sympathy.

Sometimes a man kisses a girl against her will, against his own will.

No matter how lazy a man may be, his laziness seldom extends to his tongue.

Most of us are too busy looking for tomorrow's possibilities to see those of today.

Don't blame a woman for wearing her heart on her sleeve. The new styles leave her no other place to put it.

Some people look on the bright side of things so persistently that they wind up the proud possessors of a gold brick.

A woman can go into the biggest department store on earth, and without half trying, ask for something they haven't got.

The KITCHEN CABINET

ARE indeed the soul which has journeyed through untrodden ways from cradle to mid-life. The sweetest as well as the greatest souls on earth have experienced great difficulties and borne great burdens.

HOT DISHES.

Here is a nice breakfast dish: In a skillet fry out two slices of fat salt pork cut into cubes, in this brown a cup of bread cut in cubes, add an equal amount of cold cooked potatoes cut in dice, when brown add two eggs slightly beaten, heat slowly stirring until the egg is cooked. Season with salt and pepper and serve.

Mixed Meat on Toast.—Put any cold cooked meat through the grinder and into the saucepan with gravy or stock and seasonings to taste. Let simmer while making fresh toast. Butter the toast after moistening it with a little of the stock. Thicken the meat with cream and a little flour mixed to a smooth paste, cook until well done, then pour over the toast.

Luncheon Dish.—Fry the fat from six slices of good bacon, remove it from the pan; flour six thick slices of ripe tomatoes and fry them in the bacon fat; while they cook make six round slices of golden toast, and poach six eggs; put the toast on a hot platter and a slice of tomato and an egg then a piece of cooked bacon; dust lightly with salt and pepper and serve at once.

Another which is a great favorite.—Prepare a white sauce as follows: A tablespoonful each of butter and flour when the butter is bubbling hot add the flour and when mixed a cup of rich milk and seasonings to taste. When well cooked add a cup of finely grated cheese, drop in gently four eggs; as soon as the eggs are set remove them and place on a slice of toast, pour the sauce over it and serve at once.

A bean or potato soup is one of the most palatable dishes to serve on a cold night for supper. Oyster stew or cream of tomato soup are both prime favorites. A dish of hot well made cream or milk toast, seasoned with a sprinkling of grated cheese, is a dish that nearly everybody likes.

The Ideal Reading Lamp

Opticians agree that the light from a good oil lamp is easier on the eyes than any other artificial light.

The Rayo Lamp is the best oil lamp made.

It gives a strong, yet soft, white light; and it never flickers, serves the eyesight of the young; it helps and quickens that of the old.

You can pay \$5, \$10, or \$20 for other lamps, but you cannot get better light than the low-priced Rayo gives.

Made of solid brass, nickel-plated. Easily lighted, without smoking shade of chimney. Easy to clean and rewick.

CHARLEROI WINS FROM UNIONTOWN

(Continued from page one.)

first they had tied four times with Charleroi and ended that period with the score 22 to 17 against them. With apparent roughness the visitors failed to make the desired showing during the second period. Sears tossed a couple in the basket and Swenson who was put in to relieve O'Donnell heaved gracefully to count one. Adams threw one field goal, Jimsey Brown one, and Allie Brown two this half. Lineup: Charleroi—38 Uniontown—31 Adams F. Boggio J. Brown F. O'Donnell A. Brown C. Powell Pfeiffer G. Sears Herron G. Morris Substitutions—Swenson for O'Donnell. Field goals—Adams 3, J. Brown 2, A. Brown 4, Herron, Boggio, O'Donnell, Sears 2, Swenson. Foul goals—Adams 18 out of 26, Sears 21 out of 30. Score end first half—Charleroi 22, Uniontown 17. Referee—Wetzel.

BILLIARD CONTEST STILL CONTINUES

In the Crescent Billiard Tournament Friday night Berton of the Hoppes defeated Heiker of the Schaefers by the score of 75 to 65. In 53 innings Heiker had high run 7, Wheeler of the Hoppes defeated Gee of the Schaefers by the score of 106 to 95. Gee had high run of 10. This was by far the most interesting game of the series to date. The attendance was good. The next game is Monday when Sharkey plays Arrigo.

One a luxury. In some parts of Africa children will eat salt in preference to sugar. On the gold coast a handful of salt will purchase two slaves.

Enough of That. A man is never old enough to know enough not to marry a girl who is young enough to be his granddaughter.

Home of Governors. The Louisville Courier-Journal says Kentucky has furnished to other states 106 governors.

Among The Passers

Did big U win? not by Adamsite. Capt. Jack-Oh! Jimsey Brown-Oh! Allie Brown-Oh! Sir William Herron-Oh! Ke-ke Pfeiffer-Oh! Dolin-Oh! Then six Oh's.

Next game is Monday night when Washington plays.

Adams wore out his shoes. So did Sears trying to catch up with Capt. Jack. Big Bill Herron also had to borrow a penknife from the press table to chop off a piece of refractory sole.

Big Bill Powell didn't have but one chance to shoot.

They sang about taking Sears' goat and they took it.

Will the Connellsville Courier-Johnstown Leader, and Uniontown Herald be careful not to mention Charleroi as down and out again?

Talk about flying high—Pfeiffer was a regular aeroplane intercepting those passes.

Jimsey Brown said he was going to surprise the people by combing his hair between halves. His surprise was duly forgotten.

Jacky Adams threw a left handed one from near the center of the floor for the prettiest basket thrown this season. Then Jimsey Brown broke the way from a crowd of Big U's and tossed one over his head without looking at the basket. To say it landed properly is superfluous.

Big U put Swenson, a fresh man and a big Swede in for O'Donnell in the second half but he made no more

"DEAD CENTER" BOWLS NICELY

Calls Out Possible Score and Then Makes It—Tournament Closes

With a great exhibition of ten pin rolling, "Dead Center" Green champion bowler closed his engagement at the Casino alleys Friday afternoon "Dead Center" rolled in ten frames a possible score of 100 but that wasn't his most wonderful performance. In the opinion of the spectators his best work was in knocking down the four back pins by one shot. A precision seldom attained in bowling was shown by this work. He allowed spectators to pick out pins and he would knock them down as handily as you please. Then he would call out a score he would make and proceed to make it. In the duckpin tournament which continued three days while he was here, Enoch Davis won the first prize with an average of 85, Walter Jack second prize with an average score of 84 and Willis Briggs Davis Woodward and S. L. Woodward tied at 81 for third place.

BOWLING

On the Crescent alleys last night the Stars won three games at duckpin from the Venususes. Cupp had high score, also high average. The Crescents and Stars bowl next Tuesday night and a battle royal for second place is on. Following is the score and standing of the league to date.

BODIES IDENTIFIED OF MEN BURNED TO DEATH

**Friends Claim Remains
of Fire Victims at
California**

HEAD OF MCLOY GONE

**Ghastly Spectacle Greets Rel-
atives and Friends of
Three Young Men**

Identification was made of the three victims of the Daisytown fire this morning at California and the bodies were shipped to the various homes. Friends and relatives of the men made the identification by well known peculiarities. John Lowther was recognized by a gold tooth and James McIntyre by a peculiarity of his teeth. William McCloy, whose head was burned from his body had to be identified largely by guess, but his parents were satisfied and took the body to their home in Brownsville.

As soon as the fire died out from the old store building at Red Hill, in Daisytown, the bodies of the three men were taken out by their friends and taken to California to Christ's Undertaking rooms.

There the ghastly remains were viewed by a number. The people of John Lowther came from their home in Smock and after viewing the three bodies settled on the right one by a gold tooth which they recognized.

The parents of McCloy were not so sure in their identification, having only a charred body without any semblance of head to claim as that of their late son. McIntyre's people did not come, but friends identified it and shipped it to the home in Shinsworth, W. Va. The legs and arms of the three victims were burned off and the rest of their bodies are charred and blackened. As they lay side by side in the morgue they presented an awful sight.

It is now stated that the fire started in the rear of the building it is supposed from an overheated coal stove. The Monongahela River Consolidated Coal and Coke company, which owned the structure had considerable mine material stored there so that their loss will reach into several thousands of dollars.

It is intimated that a careful investigation will be made into the cause of the fire which resulted in the death of the three men.

ANNOUNCE ENGAGEMENT OF MISS RUTH GALEY

Miss Emma M. Tippins has returned from Sewickley, where she was the guest of Miss Ruth Sphar Galey. Miss Galey was a hostess at a luncheon one day this week of twenty-four covers in honor of Miss Bessie Reed Adams, whose engagement to Charles Dane Kelly was recently announced. During the afternoon the engagement of the hostess to Charles Emlen Wistar, of Cleveland, Ohio, was announced. Miss Galey is the niece of Mr. and Mrs. Thomas P. Grant, of Charleroi and leaves with them Monday night for Orlando, Fla., for a three months trip.

Will Preach Last Sermon

**Rev. C. E. Frontz Arranges
to Leave Pastorate He
Held for Five Years**

Rev. C. E. Frontz will preach his farewell sermon as pastor of Christ Lutheran church Sunday evening and next week will leave for Tiffin, Ohio, where he will assume charge of the First English Lutheran church to which he recently accepted a call. Rev. Frontz has been here for five years.

When the congregation accepted his resignation recently it made a request of Rev. Frontz that he conduct the quarterly communion service before he leaves, although his last Sunday will not be the regular communion date. Consequently there will be communion service both morning and evening. His sermon topic in the evening will be "Parting Message."

AIR GUN DEADLY WEAPON

**Correspondent Com-
plains That It Is Used
Too Much**

BOYS VERY RECKLESS

To the Editor of the Charleroi Mail: Sir—The article in Friday's Mail, relative to the deadly air gun is certainly deserving of consideration. The air gun is a deadly weapon, and it is unlawful for boys to carry them. I believe, too, that the parent who buys an air gun for his boy is, to say the least, extremely thoughtless. If a boy were seen firing a revolver on the streets of Charleroi what an excitement it would raise and how quickly that boy would be in the clutches of the law. Yet it is not unusual to see boys shooting at pedestrians with the air gun, and little notice is given it. The only difference between the two is the propelling force of one is compressed air, while the other is gun powder.

There is only one thing worse than the boy with the air gun that is not receiving the attention it should, and that is the man who buys the gun for the boy. Charleroi is not the only town that is discussing this matter, and it is hoped that soon the air gun will not be classed as an innocent plaything.

NUMBER OF MILLS ARE STARTING-UP

**Advance Wave of Prosperity Indicated by Plants
at Various Places Resuming in Full
Capacity**

Four furnaces of the Edgar Thompson steel plant were started this week at Braddock, after having been suspended for a number of months. During the suspension extensive repairs were made and new up-to-date fixtures installed. New electric cranes were put in. At the Edgar Thompson a new experiment referred to in the Mail recently is being tried to produce a subproduct of steel from what was formerly considered waste. Official announcement was made at New Castle that the Greer tin plant will resume operations in full at all of its 20 mills next Monday. The entire 50 hot mills in the Greer and Shenango tin plants will then be in operation. Indications are for a steady run through the year effecting 5,000 tin workers there.

Announcement was made Friday that the Griffiths charcoal iron and tin mills at Washington will resume full operation with the first of the year, giving about 200 men employment. The Jessop Steel Company will greatly increase its force on January 1. It has been operating with about 100 men.

LECTURE DATE SET THE CLUBS

**Rabbi J. Leonard Levy Movement to Establish
of Pittsburg to Lec- Uniformity Occa-
ture Here sions Action**

COMING ON JANUARY 18 HOTEL MEN INTERESTED

A rare intellectual treat is in store for the people of Charleroi, Thursday evening, January 18, when Rabbi J. Leonard Levy of Pittsburg will deliver a lecture in School Hall on the subject, "Yesterday, Today and Tomorrow." The lecture will be given under the auspices of the Ladies' Guild of St. Mary's Episcopal church, and it is through the personal friendship of Rabbi Levy with the rector, Rev. Lucius W. Shey, that so distinguished a lecturer is secured. Rabbi Levy is one of the foremost lecturers of the day, and his services for the platform are in such demand that it is difficult to secure a date, and Charleroi people are fortunate in having an opportunity to hear so talented a speaker.

While in Charleroi Rev. Rabbi Levy will be lunched by the Community Club at the Elks' Home, in company with several of his personal friends who expect to accompany him. Reservations for seats for the lecture are already being made.

Following the usual custom The Mail will print no paper on Monday, January 1, New Years' day.

WASHINGTON HERE NEW YEAR'S NIGHT

**Charleroi Plays at Home on
Monday and Hopes to
Maintain Third Place**

As the New Years' attraction on the local floor the Washington team of basketballers will appear, and as they put up a strong game the last time they played Charleroi a good game is expected. Washington nearly won a game from Charleroi the other day and made Adams and his men travel the limit to get it away from them. Being a holiday the indications are that there will be a fair attendance to witness the game.

Notice.
The annual meeting of the stockholders of the Turn Verein Realty Co., will be held at Charleroi Turner Hall Wednesday, Jan 10, 1912, at 8 p. m. for the purpose of electing a board of directors to serve for the ensuing year.

NEW YEARS' HOLIDAY TO BE PROPERLY OBSERVED

**Fricks Pay
Their Bonus**

**Opportunity Given Men to
Invest in Steel Corpora-
tion Stock**

The superintendents and heads of departments of the H. C. Frick Coke company will get their annual bonuses within the next few days. The Frick employees will be given the usual opportunity to subscribe to stock of the United States Steel Corporation. The basis this year will be below that of last when the common stock was subscribed at \$70 and the preferred at \$114. The total amount of bonuses distributed will amount to \$1,450,000 of which the Frick company employees will get \$250,000.

It is not expected that the bonuses will run as high as last year, the superintendents getting from \$200 to \$1,000. Plants like the Standard Lumbering Co. L. Lemont, Trotter, Leith, Redstone, Leckrone, Edenborn and several others are expected to show up well. Reports give these plants as receiving top figures in the distribution.

CHARLEROI WINS FROM UNIONTOWN

**First Victory of Season
Claimed From Ex-
League Leaders**

NOW IN THIRD POSITION

Cheered on to almost superhuman deeds by a wildly enthusiastic crowd Charleroi outplayed Uniontown Friday night and took their first game from the leaders by the score of 38 to 31. Meanwhile Johnstown beat Connellsville, acquiring the lead and paving the way to let Charleroi in third place. The fastest game that has been played on the local floor this season, Charleroi had a tough job winning. Especially in the second half did Uniontown get into the struggle for all they were worth but the careful guarding and all around game of the locals had them plainly beaten.

Uniontown scored first after about two minutes of play, when Sears tossed a field goal and then followed up by a foul. Adams scored a foul. Then things began to come rapidly. Adams threw a field goal and was followed by Jimsey Brown in his feature toss. Boggio captured one from the middle of the floor. Then Adams pulled off his feature toss. Allie Brown got under the basket and made a couple of his sure shots, O'Donnell landed one for Uniontown and Big Bill Herron heaved the ball in the basket in a long throw.

When the second half opened Uniontown went after the game. In the

ness Places to be

WILL USHER IN THE DAY

**Watch Meetings to be Held--
Postoffice to Observe
Holiday Hours**

Generally New Years' Day will be observed by business houses and the people as a holiday. In Charleroi most of the stores will be closed all or the greater part of the day and the first day of the New Year will be one of rest. Little out of the ordinary routine in the way of entertainment will be provided, but the theatres will have appropriate programs on Monday night and the basketball game at the rink will prove an attraction. Sunday night there will be a number of watch meetings and the new year will be greeted with noisy acclaim.

Uncle Sam regards New Years' day as a legal holiday and accordingly there will not be much work done at the postoffice. Regular holiday hours will be observed the same as on Christmas. The postoffice will open at the usual hour on Monday morning to keep open until 9 o'clock. At that hour the doors will be closed to reopen a gain at 6 o'clock for the accommodation of patrons who wish to secure their evening mail. One delivery will be made during the day by the carriers.

**ANCHOR CLASS
IS ENTERTAINED**

Twenty of the women of the Anchor class of the First Christian church were entertained by their teacher, Miss Dainty, at her home on Second street Thursday evening. Each one brought a jar of fruit which was turned over to the poor committee as a donation from the class. A very pleasant evening was spent with various diversions. Mrs. Nettie Welch favored with a reading. Refreshments were served after which Mrs. Mitchell in a neat little speech presented Mrs. Dainty with a beautiful teacher's Bible.

CONVENTIONS.

The Pittsburg Chamber of Com-
merce has a convention committee
and the duty of this committee to try
to induce conventions to come to the
city. In order that large bodies of
men and women may become familiar
with the business and manufactur-
ing facilities, as well as spend their
money there. The amount of busi-
ness from this source alone if a big
draw to many cities and towns, which
makes a special feature of looking
after and entertaining conventions of
all sorts. Just now the Pittsburg
Chamber of Commerce committee is
trying to land the convention of the
American Bottlers' Protective Asso-
ciation, which is composed of 2,000
delegates and which it is estimated
will disburse while in convention the
sum of \$250,000, to say nothing of
future business that is more than
likely to result from the visit of the
delegate. The Pittsburg commit-
tee also made an unsuccessful attempt
to land the Republican National con-
vention, which is worth a big sum of
money to the city in which it is held.

In a small way Charleroi can emu-
late Pittsburg, and work for conven-
tions. The desirability of holding the
county teachers institute here has
already been mentioned and discussed.
There are other numerous church, Sun-
day school and fraternal conventions
which can usually be had for the ask-
ing, some of which have already been
held in Charleroi, and which were
most hospitably received. The con-
ventions which have come here
through the personal efforts of local
delegates and others have already
left with a good impression of the
town, and the delegates were always
enthusiastic in their praises of the
reception and entertainment accorded
them.

There are ample facilities in Charle-

roi for holding conventions, which
with a little effort might be increased.
This is an opportunity to get some
outside benefits without the expendi-
ture of any undue amount of capital,
and if it is systematically and per-
sistently worked is bound to bring
results.

THE DEMOCRATIC SPIRIT.

With the announcement of the for-
mation of a Chinese Republic comes
a realization of the growth of the
democratic spirit that is agitating
the people everywhere in civilized
countries. If the present revolution in
China results in the founding of a
permanent government by the peo-
ple of this ancient empire, the great-
est democratic revolution in all his-
tory will have been achieved.

This is but one of the manifesta-
tions of the signs of the times. The
unrest and discontent that is rife in
this country is but the revolt of the
masses for a greater degree of popu-
lar rule—the direct rule of the peo-
ple. It may be somewhat of a sur-
prise to many American citizens to
know that the United States constitu-
tion not only prohibits direct popu-
lar rule, but presents checks and
hindrances from attaining this that
are well nigh insurmountable. It is
almost impossible to amend the con-
stitution and as a final check the
United States Supreme court has ab-
solute jurisdiction over any laws that
Congress may pass in an attempt to
give the people direct rule. As such
laws are in conflict with the consti-
tution, which was designed to prohib-
it direct popular rule, the spirit of
democracy has a check in this coun-
try which will require a hard strug-
gle to overcome.

This is what has given rise to the
agitation for the initiative, referen-
dum and recall, which is destined to
continue, until the people are the
supreme rulers of the government.
The movement for democracy is world
wide, and the manifestation in China
is representative of the spirit of the
age.

PICKED UP IN PASSING

According to the Charleroi Notes
James Welsh of Charleroi came to
that town the other day and bought
a mouse trap which was guaranteed
to do the work. When he came back
a day or two afterwards he was asked
how he was getting along, when he
answered:

"First-rate. "Why," said he, "the
first evening I caught 19 mice be-
fore bedtime, and I could have
caught more only that my boy, who
was keeping tally got behind and I
had to stop to let him catch up with
the count; and once I had stopped I
concluded not to start up again until
morning."

"I was in West Virginia last week
on a business trip," said a valley re-
sident, "and I find the people there
stirred up over the high cost of liv-
ing, just as they are in this State.
Naturally all who are interested in
the subject turn their thoughts to
stock raising and farming and de-
plore industrial and political condi-
tions that are taking the young men
away from the farms."

"Only think," said a West Vir-
ginian with whom I was discussing
the subject, "the value of the hogs
raised in this State last year is only
\$2,000,000, while over in Ohio they
raised hogs valued at \$19,000,000.
We've too many politicians here and
not enough farmers. What we need
to do is to raise more hogs and less
politics."

Among the Theatres

THE PALACE—CHARLEROI

With Christmas the banner business day in the history of the house, the Palace Theatre is nearing the close of a very prosperous year, the result of giving the public the best and cleanest shows that can be procured, with careful attention to the comfort and convenience of the patrons. The Christmas crowds broke all previous records, and the matinee and night shows produced "standing room" only for late comers. Some of the strong photoplays of the week were "A Mother's Remorse," "Two Little Children," "Three Bears," "A Cure for Crime," besides many other. The Weekly Paths Bulletin showed the recent big fire in Jersey City, and the great fight the firemen waged against it. Another interesting feature of the Bulletin was caring for the wounded soldiers in the war between Tripoli and Turkey. Two splendid military parades of English and German soldiers were shown, as well as the recent Hungarian Feste in Cincinnati. The art of deflating a mammoth dirigible military balloon used in the German army was also an interesting feature. Miss Helen Atwill included in her repertoire of vocal selections two rollicking songs—"The Mississippi Dip," and "Knock on Wood," the latter illustrated, which pleased the crowds immensely.

THE STAR—CHARLEROI

Christmas Day was a big one at the Star, which was practically open all day, with a change of program at night. The most of the shows taxed the capacity of the house, and Manager Cowan and his corp of assistants had a most strenuous day. Some of the features of the week were "The War in Tripoli," "The Old Leader," "An Indian Legend," "The Test," "The Rivals," and "The Blunt Sword." An educational feature was life motion pictures of manoeuvres by "National Guardsmen and Regulars at Fort Riley, Kansas." This was a most thrilling and interesting feature and showed most conclusively that the days of daring horsemanship and military pomp were not confined to the Age of Chivalry, or the romantic times of the "Louies" of France. The patrons of the Star were well taken care of during the holiday season, and greatly appreciated the pleasing programs for further enjoying Christmas.

THE ALVIN—PITTSBURG

The New Year's week attraction at the Alvin, Pittsburgh, opening with a New Year matinee, will be America's leading comedienne, Marie Cahill. She will be presented in a new European musical comedy, "The Opera Ball," by her manager Daniel V. Arthur. Before "The Merry Widow" launched the present Viennese vogue and caused a noticeable demand on the part of the public for more plot and more plot music, Miss Cahill was leading the way to the same and with her comedies, "Molly Moonshine," "Marrying Mary," "The Boys and Betty" and "Judy Forget."

It is said that she has now a comedy which surpasses any ever seen in the legitimacy of the story. It is from the German of Victor Leon and H. Von Waldberg with the original

THIS IS IMPORTANT

W. F. Hennings' Desires to announce That he is the Agent for Thompson's Barosma, the Money-Back Kidney and Liver Cure.

There are hundreds of people, young and old, right here in Charleroi who are taking medicines for various ailments, who do not even suspect that the kidneys are to blame.

These sufferers do not know that in all probability their kidneys are all clogged up, are inflamed or congested and are unable to properly filter the impurities from the blood.

It is the kidneys that keep the blood pure and if the kidneys are not in good condition, disease of other organs of the body will surely develop.

Thompson's Barosma will cure any disease of the kidneys or W. F. Hennings will give you your money back.

If you are in ill health now, and are not absolutely certain of the cause get a 50-cent bottle of Thompson's Barosma at W. F. Hennings' today. It will tone up your kidneys, liver and bladder in a week.

It is the best investment you can make. It is worthy of a trial on our guaranteed plan. Ask for Thompson's Barosma. The dollar bottle contains more than twice as much as the fifty-cent size.

music of Richard Heuberger. The adaptation has been made by Sydney Rosenfeld.

As usual, Mr. Arthur has surrounded Miss Canini with a cast of players whose names are well known to the American stage: Harry Connor, Edward M. Favor, George Lydecker, Roland Hogue, Harry Fairleigh, Evelyn Carter Carrington, Alice Gentile, Ann Tasker, Mildred Elaine and Howard Pascal. There is also a chorus which can really sing and dance.

THE GRAND—PITTSBURG

Vaudeville from all parts of the world is the Grand's New Year's offering. In the array of talent which Manager Harry Davis has booked for the week beginning Monday afternoon, January 1, there are attractions from Europe, America and Australia. The multitude of theatre goers who revere the memory of Charles Dickens will be especially interested in the performances of Mr. Tom Terriss, supported by a company of twelve London artists in the representation of "Scrooge," an adaptation in one act of Dickens' famous novel, "A Christmas Carol." Among his leading players are Fred Epitieux, who is to play the part of Bob Cratchit and was a member of the late Sir Henry Irving's company; Miss Marjorie Davenport in the role of Mrs. Cratchit who was associated with Sir H. Beethoven Tree and G. Clifford Boyne and Erskholme E. Clive, two of the best known of England's veteran stock actors. Mr. Terriss himself will personate the title role.

The Ten Vassar Girls whose delightful musicians have always been immensely popular in Pittsburgh, return for their first engagement at the Grand in several seasons. They give a program of high class and popular music played upon a variety of instruments and interpolating a spectacular electric dance.

Stuart Baries, who is perhaps the most polished and entertaining of monologists will talk upon a variety of subjects, his favorite theme of matrimony as only this genteel entertainer may.

An act of unusual quality and style will be given by Rose Royal and her horse, "Chesterfield," an Arabian equine, pure white and Miss Royal has trained him to pose in reproduction of classic studies.

Edward Planagan and Neal Edwards will give their own conception of stage life entitled "On and Off."

Lee White and George Perry, will sing among other ditties such attractive songs as "Slip on Your Glad Rags and Come With Me," "You've Got the Wrong Number, but You've Got the Right Girl," "The Hoole Boole Glide," "In the Garden of My Heart," etc.

Emma Francis, the well-known and popular singing comedienne will introduce her troupe of versatile Arabs in songs, dances and tumbling. Josephine Davis will sing mirthful character songs. Gordon Brothers in addition to a bag punching exhibition, will present their boxing kangaroo.

The moving picture portion of the program will include a review of world events and complete a New Year's program which would seem to be above criticism.

CURE FOR RED NOSE

Patient—What shall I take to remove the redness of my nose?
Doctor—Take nothing, particularly between meals!

Lightning Kills Few.

In 1906 lightning killed only 169 people in this whole country. One's chances of death by lightning are less than two in a million. The chance of death from liver, kidney or stomach trouble is vastly greater, but not if Electric Bitters be used, as Robert Madsen of West Burlington, Ia., proved. Four doctors gave him up after eight months of suffering from violent liver trouble and yellow jaundice. He was then completely cured by Electric Bitters. They're the best stomach, liver and kidney remedy and blood purifier on earth. Only 50c at W. F. Hennings.

PARENTAL AUTHORITY.

(Communicated).

Never pet children when reprimanded by parental authority. If young parents could realize that father and mother must be a unit in family government, divorces would be less frequent and children would have a better chance. The mother is sure the father is harsh, while the father feels sure mother is entirely too crazy and both are probably right. The difference of opinion should be talked over privately and even if you cannot agree, you must appear to do so before the children, if the home is to be serene and the children to have a fair chance in the world.

A mother or father teaching a child in any way to deceive the other is committing a criminal act, yet this is done by mothers time and again. Each parent should remember that only one half of the child can be claimed by either, and the government must be a mixture of justice and mercy if successful. The well-fare of the nation and the uniform thousands depend upon the homes of today and good literature should be found in the home. Life is very serious to those who see it as it is, and there are times when we must remember we forget the advice of a godly home.

We feel we are sufficient in ourselves and can supply our own wants, but trouble comes—we bemoan our weakness and how feeble when left to ourselves. How ignorant of pitfalls and snares, how easily we walk into Satan's net, as the bird walks into the fowler's net. Brave and noble children taught courage and self-denial by parents and to live a pure life carry power to move the masses to a better life. From the home comes all good impulses of life. The day comes too soon when the household is scattered—gone to make homes for themselves. Happy are we if no hasty words or unkind deeds haunt us. From the home comes all the good impulses of humanity conflicting.

Parental authority has ruined many a home and when it is too late we realize our mistake. The fact is we forget God in our prosperity and that every good thing we have or enjoy comes from God. What wanderer has not longed or sighed for home where patient fathers, faithful and brave, have planned and managed to improve, build up for the comfort of the family, while the mother works by his side as the children grow under the tender care. May our nation continue to honor and protect our homes.

The KITCHEN CABINET

ARE indeed is the soul which has journeyed through untrodden ways from cradle to mid-life. The sweetest as well as the greatest souls on earth have experienced great difficulties and borne great burdens.

HOT DISHES.

Here is a nice breakfast dish: In a skillet fry out two slices of fat salt pork cut into cubes. In this brown a cup of bread cut in cubes, add an equal amount of cold cooked potatoes cut in dice, when brown add two eggs slightly beaten, heat slowly stirring until the egg is cooked. Season with salt and pepper and serve.

Minced Meat on Toast.—Put any cold cooked meat through the grinder and into the saucepan with gravy or stock and seasonings to taste. Let simmer while making fresh toast. Butter the toast after moistening it with a little of the stock. Thicken the meat with cream and a little flour mixed to a smooth paste, cook until well done, then pour over the toast.

Luncheon Dish.—Fry the fat from six slices of good bacon, remove it from the pan; flour six thick slices of ripe tomatoes and fry them in the bacon fat; while they cook make six round slices of golden toast, and poach six eggs; put the toast on a hot platter and a slice of tomato and an egg, then a piece of cooked bacon; dust lightly with salt and pepper and serve at once.

Another which is a great favorite.—Prepare a white sauce as follows: A tablespoonful each of butter and flour. When the butter is bubbling hot add the flour and when mixed a cup of rich milk and seasonings to taste. When well cooked add a cup of finely grated cheese, drop in gently four eggs: as soon as the eggs are set remove them and place on a slice of toast, pour the sauce over it and serve at once.

A bean or potato soup is one of the most palatable dishes to serve on a cold night for supper. Oyster stew or cream of tomato soup are both prime favorites. A dish of hot well made cream or milk toast, seasoned with a sprinkling of grated cheese, is a dish that nearly everybody likes.

When a politician holds the key to the situation it may be of some use in a deadlock, but never in a case of a bolt.

THE GENTLE CYNIC

Always do your best, but never your best friend.

The one particular brand of love that isn't blind is self-love.

The penalty of a stolen kiss is frequently a life sentence at hard labor.

All locksmiths are not bachelors, in spite of the fact that love laughs at them.

Ever notice that the wolf generally comes to the door disguised as a bill collector?

A man seldom knows who his friends are, but his enemies are more considerate.

It requires almost as much force of character to be a book agent as to turn one down.

Many a girl would promise to marry a man if she thought he wouldn't be so silly as to expect her to live up to her promise.

No woman is competent to advise a young girl in her love affairs unless the aforesaid woman has been married at least four times.

WAYSIDE WISDOM.

Few men know enough not to give advice.

Energy has made more men famous than merit.

There is no hunger as keen as the hunger for sympathy.

Sometimes a man kisses a girl against her will, against his own will.

No matter how lazy a man may be, his laziness seldom extends to his tongue.

Most of us are too busy looking for tomorrow's possibilities to see those of today.

Don't blame a woman for wearing her heart on her sleeve. The new styles leave her no other place to put it.

Some people look on the bright side of things so persistently that they wind up the proud possessors of a gold brick.

A woman can go into the biggest department store on earth, and without half trying, ask for something they haven't got.

Rayo Lamp

The Ideal Reading Lamp

Opticians agree that the light from a good oil lamp is easier on the eyes than any other artificial light.

The Rayo Lamp is the best oil lamp made.

It gives a strong, yet soft, white light; and it never flickers. It serves the eyesight of the young; it helps and quickens that of the old. You can pay \$5, \$10, or \$20 for other lamps, but you cannot get better light than the low-priced Rayo gives.

Made of solid brass, nickel-plated. Easily lighted, without using shade or chimney. Easy to clean and rewick.

"DEAD CENTER" BOWLS NICELY

Calls Out Possible Score and
Then Makes It—Tournam-
ent Closes

With a great exhibition of ten pin
rolling, "Dead Center" Green cham-
pion bowler closed his engagement
at the Casino alleys Friday afternoon.
"Dead Center" rolled in ten frames
a possible score of 100 but that
wasn't his most wonderful perfor-
mance. In the opinion of the specta-
tors his best work was in knocking
down the four back pins by one shot.
A precision seldom attained in bowl-
ing was shown by this work. He al-
lowed spectators to pick out pins and
he would knock them down as handi-
ly as you please. Then he would
call out a score he would make and
proceed to make it. In the duckpin
tournament which continued three
days while he was here, Enoch Davis
won the first prize with an average
of 85, Walter Jack second prize with
an average score of 84 and Willis
Briggs Davis Woodward and S. L.
Woodward tied at 81 for third place.
